# 2. HAZARDS IDENTIFICATION

## **Classification**

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

## GHS Label elements, including precautionary statements

| Emergency Overview  |   |                         |
|---|---|-------------------------|
|   |   |                         |
| The product contains no substan   | ces which at their given concentration, are considered to | be hazardous to health. |
| Appearance Colorless  | Physical state Liquid                                     | <b>Odor</b> Soap        |
| Precautionary Statements - Prevention<br>Obtain special instructions before use |   |                         |
| Precautionary Statements - Response<br>None                                     |   |                         |
| Precautionary Statements - Storage<br>None                                      |   |                         |
| Precautionary Statements - Disposal<br>None                                     |   |                         |
| Hazards not otherwise classified (HNO   | <u>C)</u>   |                         |
| Not applicable  |   |                         |
| Unknown Toxicity<br>4.6 % of the mixture consists of ingredient                 | t(s) of unknown toxicity                                  |                         |
| Other information   |   |                         |
| Toxic to aquatic life<br>May cause slight eye irritation                        |   |                         |
| Interactions with Other Chemicals<br>No information available.                  |   |                         |
| 3. COMP   | OSITION/INFORMATION ON INGREDIEN                          | TS                      |

| Chemical Name  | CAS No.     | Weight-% | Trade Secret |
|--|-------------|----------|--------------|
| Propane-1,2-diol   | 57-55-6     | 5 - 10   | *            |
| Alcohols, C13-15, branched and linear, ethoxylated       | 157627-86-6 | 1 - 5    | *            |
| Poly(oxy-1,2-ethanediyl),<br>.alphaisodecylomegahydroxy- | 61827-42-7  | 1 - 5    | *            |
| Poly(oxy-1,2-ethanediyl),<br>.alphatridecylomegahydroxy- | 24938-91-8  | 1 - 5    | *            |
| Alcohols, C12-14, ethoxylated                            | 68439-50-9  | 0.1 - 1  | *            |

\*The exact percentage (concentration) of composition has been withheld as a trade secret

# 4. FIRST AID MEASURES

## First aid measures

| Eye contact  | Rinse thoroughly with plenty of water, also under the eyelids. If symptoms persist, call a physician.     |  |
|--|---|--|
| Skin contact   | Wash with soap and water.   |  |
| Inhalation   | Remove to fresh air.  |  |
| Ingestion  | Rinse mouth immediately and drink plenty of water. Never give anything by mouth to an unconscious person. |  |
| Most important symptoms and effects, both acute and delayed                |   |  |
| Most Important Symptoms and<br>Effects                                     | No information available.   |  |
| Indication of any immediate medical attention and special treatment needed |   |  |
| Notes to Physician   | Treat symptomatically.  |  |
| 5. FIRE-FIGHTING MEASURES  |   |  |

### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Unsuitable extinguishing media

CAUTION: Use of water spray when fighting fire may be inefficient.

#### Specific hazards arising from the chemical

No information available.

#### Explosion Data Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

# 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

| Personal precautions               | Avoid contact with eyes.  |
|------------------------------------|---|
| Environmental precautions          |   |
| Environmental precautions          | Prevent further leakage or spillage if safe to do so.                                       |
| Methods and material for containme | ent and cleaning up   |
| Methods for containment            | Prevent further leakage or spillage if safe to do so.                                       |
| Methods for cleaning up            | Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. |
|                                    |   |

# 7. HANDLING AND STORAGE

## Precautions for safe handling

| Handling | Handle in accordance with good industrial hygiene and safety practice. |
|----------|--|
|----------|--|

### Conditions for safe storage, including any incompatibilities

| Storage               | Keep containers tightly closed in a dry, cool and well-ventilated place.  |
|-----------------------|---|
| Incompatible Products | Strong oxidizing agents. Strong acids. Strong bases. Acid chlorides. Acid anhydrides. Chloroformates. Strong reducing agents. |

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### **Control parameters**

| Exposure Guidelines | This product, as supplied, does not contain any hazardous materials with occupational |
|---------------------|---|
|                     | exposure limits established by the region specific regulatory bodies                  |

Appropriate engineering controls

| Engineering Measures | Showers             |
|----------------------|---------------------|
|                      | Eyewash stations    |
|                      | Ventilation systems |

### Individual protection measures, such as personal protective equipment

| Eye/face protection      | No special protective equipment required.  |
|--------------------------|--|
| Skin and body protection | No special protective equipment required.  |
| Respiratory protection   | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be |

provided in accordance with current local regulations.

### **Hygiene Measures**

Handle in accordance with good industrial hygiene and safety practice.

# 9. PHYSICAL AND CHEMICAL PROPERTIES

### **Physical and Chemical Properties**

| Physical state<br>Appearance         | Liquid<br>Colorless         | Odor                  | Soap           |
|--------------------------------------|-----------------------------|-----------------------|----------------|
| Color                                | No information available    | Odor Threshold        | Not applicable |
| Property                             | Values                      | <b>Remarks Method</b> |                |
| pH                                   | 8.7                         | None known            |                |
| Melting / freezing point             | No data available           | None known            |                |
| Boiling point / boiling range        | No data available           | None known            |                |
| Flash Point                          | No data available           | None known            |                |
| Evaporation Rate                     | No data available           | None known            |                |
| Flammability (solid, gas)            | No data available           | None known            |                |
| Flammability Limit in Air            |                             |                       |                |
| Upper flammability limit             | No data available           |                       |                |
| Lower flammability limit             | No data available           |                       |                |
| Vapor pressure                       | No data available           | None known            |                |
| Vapor density                        | No data available           | None known            |                |

| Softening Point                      | No data available           |                       |                |
| VOC Content (%)                      | No data available           |                       |                |

VOC Content (%) Particle Size Particle Size Distribution No data available No data available

# **10. STABILITY AND REACTIVITY**

## **Reactivity**

No data available.

#### Chemical stability

Stable under recommended storage conditions.

#### **Possibility of Hazardous Reactions**

None under normal processing.

#### **Conditions to avoid**

None known based on information supplied.

#### Incompatible materials

Strong oxidizing agents. Strong acids. Strong bases. Acid chlorides. Acid anhydrides. Chloroformates. Strong reducing agents.

#### Hazardous Decomposition Products

Carbon monoxide. Carbon dioxide (CO2).

# **11. TOXICOLOGICAL INFORMATION**

### Information on likely routes of exposure

| Inhalation   | Specific test data for the substance or mixture is not available. |
|--------------|---|
| Eye contact  | Specific test data for the substance or mixture is not available. |
| Skin contact | Specific test data for the substance or mixture is not available. |
| Ingestion    | Specific test data for the substance or mixture is not available. |

### **Component Information**

**Product Information** 

| Chemical Name    | Oral LD50         | Dermal LD50              | Inhalation LC50 |
|------------------|-------------------|--------------------------|-----------------|

## Persistence and Degradability

No information available.

### **Bioaccumulation**

No information available

### Other adverse effects

No information available.

# **13. DISPOSAL CONSIDERATIONS**

#### Waste treatment methods

**Disposal methods** This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

#### Contaminated Packaging Dispose of content

Dispose of contents/containers in accordance with local regulations.
